PILGRIMS HOSPICE SOCIETY

BACKGROUND

Hike for Pilgrims Hospice is an annual family and pet-friendly walk event. Walk 5KM through the beautiful MacKinnon Ravine to support end-of-life care and grief support in the greater Edmonton community.

Entering its 15th year, this outdoor event continues to grow in participation and community support. The Hike for Pilgrims Hospice has grown significantly and we expect 1,200+ participants this year. We continue to engage with more families and friends who are using our services and programs. We are inviting families and friends who have lost a loved one to create a legacy of ongoing support by hiking in their memory.

This event also provides partnership opportunities for Pilgrims Hospice Society/ Roozen Family Hospice Centre and businesses that share a similar focus on the well-being of families in our community.
